# WELCOME!

Dear Camp Fire families,

I've seen firsthand how important summer camp can be for young people. I came to Minnesota from the UK to be a camp counselor and I was hooked from day one. I enjoyed 10 years at that camp, the final four years as the Camp Director. I love creating an outdoor space for youth to be their authentic selves, away from screens and other digital pressures. I am excited to continue making Camp Fire Minnesota a safe, fun environment for campers and staff alike. When I'm not at camp I enjoy playing soccer, running, skiing, and spending time with my wife and 3 young kids.

See you this summer!
